TO THE WORSP^LL^. JAM^S^. HUBBARD ESQ^R^.
SUPERVIZOR &C^A^. COUNCIL OF THE WEST COAST.

WORSP^LL^. S^R^. & S^RS^:

The Good fellow arriveing here, y^e^. 14^th^. of April brought us y^r^. letter the 24^th^. of Feb^ry^: w^th^: the Accompanying papers as ℔ List of the Packett.

We observe the condition you found the Metchlepatam and young Derby in, and approve of y^r^. Dispatching them hither so soon as you can get them in a Condition.

We take notice of your consulting w^n^: you came near the West Coast whether you should touch at Moco Moco in your way to Marlbrô and think you did Right in agreeing to call there for Inteligence. We observe upon your Arrival the sev^ll^: ord^rs^: you gave M^r^. Deane in relation to the Arrack and Ophium Licence w^ch^: was well done as also your directing them to Pay there Cooleys Buggess &c^a^. with nothing but money instead of Cloth & goods and that you supplied their Cash which was exhausted with a Chest of Treasure.

We Observe upon the News you Rec^d^: at Moco Moco that M^r^. Pyke intended to dispatch the Goodfellow for England with a lading of Arrack & Pep^r^. and his Perry Brig^t^. to the Mallabar Coast on the Hon^ble^: Comp^as^: Acco^t^. you forthwith order Cap^t^: Crossing [. . .] rest of his way for Marlbrô where when [. . .] arriv'd We remark the methods you were Obliged to take to stop the Goodfellow from proceeding to England, which Wee Approve of as also you putting out Cap^t^: Smith and giving the Command of the Ship to Cap^t^. Crossing M^r^. Pyke in Dispatching the Goodfellow for England is answerable for Breach of the Hon^ble^: Comp^as^: Ord^rs^. as he is also for taking up the Perry Brig^t^. w^n^: so many Vessells of the Comp^as^: were at Marlbrô unemployed and his withstanding of you and calling the Hon^ble^: Companys Brig^t^. a Pyratical Vessell evidently makes it Appear his flinging up his subordinacy to us in Contempt of all orders from the Hon^ble^: Company.

When the Drake comes we shall take Notice of the Cap^{t}. for his ready Assistance to you in getting possession of Marlbrô: which we are Glad you have effected without bloodshed and approve of y^{r}. conduct in that Affair. We wou'd have you send for Cap^{t}. Jedderree and Cap^{t}. Nangle into Cons̃: and in our Names Return them thanks for their Dilligence and faithfullness to the Hon^{ble}; Company upon y^{r}. arrivall and let them know that in our letters to England we shall acquaint y^{r}. Hon^{ble}: Company of their good behaviour therein.

We Approve of your giveing back Cap^{t}: Loveday & Ensign Rogers their Commissions since they were so truly sencible of their Errors and were so ingenious as acquainting you, how M^{r}. Pyke had wrongly inform'd them by his alterin[g] a Paragraph of the Hon^{ble}: Companys Letter [*a few words lost*] them believe he coud not be superceeded by any Order or Power but the Hon^{ble}: Court of Directors.

We are well satisfied with M^{r}. Burtons Dilligence when you sent him ashoar, to get possession of the Place and hope he will continue his faithfulness to the Hon^{ble}. Company.

We have perused and consider'd of M^{r}. Pykes Answer to his charge and agree wth. you that is not all satisfactory but trifling and Evasive and Doubt not but by this time you have been able to Demonstrate to him the severall Facts he is Charg'd with hopeing you have been able to convince him of his Errors by if M^{r} Pyke should prove obstinate and refuse rendring to you a just Acco^{t}. of his proceedings in the Hon^{ble}: Comp^{as}: affairs dureing his Administration at the West Coast of Sumatra, we direct that you send him hither up on the Drake and We do Permit the Supravizor to come on the Drake—in Case he has settled the place in quiet & Good Order.

FIRST AS TO SHIPPING.

We approve of y^{r}. Sending the Young Derby to Sillebar to be Repaird and y^{r}. agreeing wth. the Carpenter of the Drake for the Sum̃ of 250 ℔^{s}. We believe it the cheapest way of going to work, Provided a watchful Eye to be kept upon him, to see [it] Effectually Done.

You did well in Getting the Hon^{ble}. Comp^{as}: out of the Carang considering the Dangerousness of the Harbour, which we have been Acquainted with from all hands and direct that hereafter none of the Companys Vessells be brought in there.

We Approve of y^{r}, design in getting the Perry Brig^{t}: out of the Carrang to lay along side the Drake to put on board the Drake the Lead & Iron of the Hon^{ble}: Companys which M^{r} Pyke very unwarrantably ship'd on the Perry without weighing We are sorry you are so straightned, thrô the Carelessness of M^{r}. Pyke for Tombongams and hope by this time you have found a means to secure as many as are necessary for our Occasions.

We now Return the Goodfellow to you wth. a loading of wares and stores as near to y^{r}. Indents as were able to Compley as ℔ Invoice bill of Loading which comes herewith you'l also Receive our Storek^{rs}. accou^{tt}. of Impress advanced the Ships Company and We hope by the next Vessell you dispatch to us to Receive the Goodfellow's Invoice from England the Coppy of the Hon^{ble}: Comp^{as}: Letter ℔ the Goodfellow and all other Pap^{rs}: and Acco^{ts}: relating to her for want where of we are in the Dark, as to her prime Cost and Charge, of outset and Disbursements since her Arrivall upon the West Coast except that of Cap^{t}. Smiths Referr'd to us by [*a few words lost*].

SECONDLY CONCERNING GOOD^{s}. SENT FROM ENGLAND AND MADRASS.

We observe the supply of money and Madera Wine you have rec^{d}: by the Drake and doubt not y^{r}. recommending of y^{r}. Silver to the Hon^{ble}: Comp^{y}. by y^{r}. frugality thereof as well as in all other Expences of the Place.

We observe the scarcity of live provisions with you which can only be remided by your Industrous care in giveing encouragem^{t}: to y^{e}. Chinese and y^{r}. own Slaves to procure some of every kind for a breed.

3 HEAD.

We are pleas'd to observe that you are in hopes to get 400 Bahar of pep^{r}: from Moco Moco by Sep^{tr}. besides 225 Bahar which you had in y^{r}. Godowns when the Goodfellow came away and we hope y^{r}. utmost Endeavours will be to encrease the

Pep^{r} Plantations y^{t}. the Hon^{ble}. Company may have annually a good Quantity from the West Coast for without which you know the Settlements upon Sumatra will be a heavy and dead Charge to our Hon^{ble}. Masters We are amazed that M^{r}. Pyke should give encouragem^{t}. for the Makeing of white Pep^{r}: und^{r}: a Notion that it cou'd not be Detrimental to the Hon^{ble}: Comp^{a}: because they buy [. . .] black and can look upon it no better than a Jesuitical turn to procure pep^{r}. for his private trade and advantage. We possitively forbid any being made hereafter und^{r}: Penalty of Dissmission from y^{e}. Service any Persons that shall be found Guilty of Encourageing the makeing thereof.

4TH. Head.

Since sev^{ll}: of the Chinese have left M[ar]lbrô and others were ab^{t}: to leave the place wee doubt not but that you have put a stop thereto by y^{r}. good usage w^{ch}. will also encourage more to come and Settle with you they are an active stirring people always upon some Improvem^{t}. and can turn their hands to any employ so that you cannot have too many of them you know the temper of the Mallays and doubt not but you will take care to keep y^{m}. easy.

We are glad to observe you have no reason to suspect but that the Mallays ab^{t}: you are entirely in the Comp^{as}. interest Especially the two Pangarans Munko Rajah and Soongey Eatam it much regards the Hon^{ble}. Comp^{as}. Interest that they be kept their friends and upon any Little Jarrs you must find means for a Reconcilement without any Delay the Mallays being so prone to Jealousie and revenge. We remark the Villanous part Transacted by Sultan Blenhiem Colonel of the Buggesse in the Hon^{ble}. Comp^{as}. Pay & since he has plaid false [. . .] no more to be trusted, We are glad to hear yo[. . .] recover those Buggessee w^{ch}. had the Con[...].

We are greatly suprized to find that after such vast sum̃s of money have been exhausted in building at Marlbrô that you should be in so bad a Condition as not to find dry Lodgings for y^{r}. selves on y^{r}. Arrival nor any Lodgings habitable for y^{e}. Military nor conveniences for y^{r}. stores &c^{a}. We have perus'd y^{e}. Acco^{t}. you gave us of the condition you found the severall buildings and at this distance can only ord^{r}. that you go about such as are only absolutly necessary for Lodgings for y^{r}. selves and Millitary proper ware and storehouses and such Fortifications which may be actually necessary for y^{r}. defence all which wee recomend to be done strong and Durable as possible that there may be some end put to buildings on the West Coast which have been so Vastly Expencive, more that any other Settlem^{t}. and you cannot Recommend y^{r} selves to the Hon^{ble}. Comp^{a}. or us in a great^{r}. Degree then by y^{r}. frugallity and speedy conclusion thereof and as a small help to you we have ballasted the Goodfellow wth. Bricks to carry on Fort Marlbrô let Care be taken in y^{r}. landing that a[s few] be broke as possible.

By the next conveyance in ꝑsuance to y^{r}. Promise we shall expect a Thôrow Plan of your buildings explaining what is finished w^{t}. to be finish'd [&] what to be Erected with as near a Calculate [. . .] Charge as possible of what is to be done.

6TH. Head.

We Approve of y^{r}. continueing to Leivtenant Cartwright at Moco Moco his Commission for the Reasons you mention being always willing to give encouragem^{t}. to deserveing Men & ꝑticularly to such as have hazarded themselves in the Hon^{ble}. Comp^{as}. Service as you say M^{r}. Cartwright has done We Remark y^{r}. Complyance with our ord^{rs}. in reduceing the three Companys into two and we wou'd never have more unless it be found absolutely necessary to make a third which is not to be continued longer then needs Require it.

By the next conveyance We shall Expect the Complyance of y^{r}. Promise in relation to the lessening the Expence in Gunners Mates Ensigns &c^{a}. that y^{r}. Journal Parcels and other acco^{ts}. are Read monthly in coñs : and that you give us an acco^{t}. of the Particular sum̃s advanced Persons that came upon the Young Derby and Metchlepatam as also a list of your Slaves how employ'd and their Annual charge.

Since our Hon^{ble}. Masters have not disapprov'd of the Allowance of Dietmony & to y^{r}. Liev^{ts}. We suppose they Approve thereof & in such case it would be but Reasonable to pay them their Arrears of Dietmoney and allowances.

We take [*a few words lost*] have put up yr. Arrack and Ophium Licence [*a few words lost*] it Let at 10 ℔s 8/o more then formerly we hope you will not be unmindfull when Opportunity presents of the other revenues we recommend to you.

We observe the Care taken by you to recover the Over charge by Mr. Chatelier of Ps. 8/8 232—2—80 and Ps. 8/8 178 : 3 : 20 in his Batavia Voyage and hope before this Arrives wth. you the said two sums will by Capt. Loveday [be pd. into ye.] Honble. Compas. Cash.

7THLY. TOUCHING ACCOUNTS.

When the Supravizor returns if no [t] before we hope to have Coppys of yr. Accotts. regulated and kept in the mannr. ours are here either brought up from Mr. Pykes Accots. or if that is Impracticable through his Irregularity from a True Accot. of wt. remains and that the Supravizor before he deptes. the West Coast will settle such a method for Accots. being regularly kept at the West Coast for ye. future as his Experience in our Accots. here shall Direct him. We shall by the next conveyance expect coppys of yr. Coñs : letters and all other Usual Papers & for Writting Assistance We hope you will shortly have a supply from England.

We Recd. the Pepr. &ca. design'd by Mr. Pyke to England ℔ Ship Goodfellow.

The Accott. of Expen [*a few words lost*] low delivered you by Capt. [. . .]—to us Capt. Smith has deli[vered us] desireing Paymt. of the Ballance We cou'd wish you had examin'd into the said Accot. and given us yr. Remarks thereupon for we find severall Articles therein which seems to us Extravigant and to which we know not what to say Particularly to the articles of Expences ashoar to himself and Purser amounting to Dolls. [*lacuna*]. We dont find the Capt. Potters Instructions any mention that his and Pursers Expences ashoar should be allow'd them in yr. next let us know if Mr. Pyke and his Council allow'd of ye. said charge and whither the Captes. of the ships Addision and Dartmouth had any allowance of Diet money at the West Coast.

We have yours of the 2^{d}. and 7 Febry & 13 April before us and shall reply to them severally.

We Congratulate the Hono^{ble}. Will^{m}. Phipps Esq^{r}. on his succession to the Government.

In yours of the 2^{d}. you are pleas'd to note y^{e}. arrivall of the men of Warr, under the Command of Commadore Mathews, and their disappointment in missing the Pirates.

You have also acquainted us with your proceedings against Angria, in Conjunction with the Viceroy of Goa, and the assistance the Men of Warr gave you, with y^{e}. hopes you had of destroying him, but missing the design you had formed against Allebagg; so discouraged your allies that they would not be prevailed upon to make another attempt.

You advice us that the Shoram had recd. Damage from before Culabby; and that she was refitting att Suratt, but we since hear she is upon a Cruize off, We observe the Departure of the London for Europe, with the late Governour Boon upon her, the 25 Janu^{ry}. in Company [with th]e Grantham and Greenwich; for Tellicherry all which we wish safe to our Hono^{ble}. Masters.

In answer to yours of the 7 we have Enquired of M^{r}. George Tullie, M^{rs}. Gyffords Attorney what value he might have of hers in his hands Who reply'd nothing of value, for which reason we dispatch't a Pattamarr to the Bay of Bengall with Coppy of yo^{r}. Letters and pressing them to gett what security possible from the Widow on the Hon^{ble}.: Compa^{s}. account.

Yours of the 13 April you advise the arrival of the Stanhope, 25 Febry the Dawson 9th. March and the King George the 29 a sickly ship, and observe how you have dispos'd of them Which we think cannot miss of our Hon^{ble}. Masters approbation.

We observe the trouble you have had wth. the Portuguese with respect to Mahim River, but y^{t}. you have surmounted those difficulties, by removing the Padree Governadore, also the advantage your Grabs had over those of Angrias, but that they had gott clear by the Calmness of y^{e}: Wheather, and that your steady resolution to prosecute him will oblidge him to sue for Peace.

We hope by the Boone from Persia to have a more favourable account of the Devastations made there by the Rebells, and that the Country is not in so bad a Condition, as hath been reported, and wish your Agent may recover those priviledges in Trade, that they have so lately depriv'd us off.

On the 2d: Aprill arrived here the Middlesex Capt. Our last to you was the 18 Ult^{o}. ℔ our Hon^{ble} Masters Ship Bouverie, Duplicate whereof comes herewith since which have thought fitt to alter that scheme of Tonnage there laid down, our reasons for so doing are, the Middlesex being forward in her loading for Europe and have full Tonnage for a 3^{d}. Ship lying in our Godowns, oblidges us to send the Enfield Cap^{t}. Rigby directly home and have given him orders pursuant thereto, notwithstanding which we Continue to tell you if you send us either of your Ships to arrive with us the middle of December with one half of her loading in Bale Goods, We believe we shall be able to fill her up and send her home early in January in Company with the Walpoole if she arrives, but will not stay the one-for-the other, We think it much preferable to go home an Early Single Ship then late with Company the Drake is not yet arrived but hourly Expect her; on the 13 Ins^{t}. arrived the Hon^{ble}. Companys Ships Enfield and Devonshire from England the 27 Febry they parted with the Nightingale in the Latitude of 44 N°.

We have allowed the military being to the Devonshire the Refreshment of the Shore the Charges shall debt your Presidency for. We herewith send you duplicate of our Acc^{t}. M^{r}. Bonnel in the Thomas Brigan^{e}. being arrived in this Port and hearing M^{rs}. Bonnell Supra Cargo and Command^{r}. of said Vessell, that they would navigate her to the Port of Bengall Wind and Wheather p[ermittin]g.

We earnestly desire that our List of Wares and Stores and y[ours of] the 7 Aprill, may be Complyed with and in a more perticular manner for Packing Stuff, for which we are now very much straitned, and pay Extravagant Prices.

We must also add to that request 4000 Bags of Petre which please not to disappoint us of by the Hono^{ble}. Comp^{s}. Ships fearing our Hon^{ble}. Masters, shall think amiss of paying freight.

We have yett a farther request and that is you will send us up a Quantity of good sealing Wax, that formerly sent being of little use.

We are by our Hon^{ble}. Masters orders to recite you that Paragraph relating to Bouverie and Fordwich which is N^{o}. 6 ℔ Enfields Letter Viz^{t}.

In our Supp[le]mentall Letter, we gave you the reason why two of our this years Ships, should be Employed on freight voyages, on our Account which we expect shall be from the Bay, We do but just mention it to you to show how intent we are upon it, we have wrote to Bengall that they be dispatch't away so early, as not to hazard the loss of there Passage as was the Case of the Bouverie as you have Opportunity do you remind Bengall of itt.

By the Drake who arrived here the 4th. August yo^{r}. Gener^{ll}. of the 7 July came to hand, advising the arrivall of the Goodfellow with you the 15 June, by whom you note the Receipt of ours, under Date of the 19 May, & shall proceed to answer the severall particulars under the Following headss.

As to Shipping.

We approve of your reasons for keeping y^{e}. Metchlapatam and Young Derby, so long since they were so very much out of [*a few words lost*] been prudent to have sent them single, and the Goodfellow arriving in [...] to our Orders, you came to a resolution of sending [...] the Drake, with Instructions to keep the two former [...].

We observe the Difficulty you had [...] the Young Derby in a readiness to proceed on her Voyage she a[rrived] att Pullicatt two days after the Drake imported here and the ma[ster] wrote us a letter thence to inform us, his Vessells Condition, which was indeed very mean, having lost all his Anchors by his Cables parting [and] being obliged to ride by a Piece of one, an anchor without a stock and a Gun fastned to itt, the head of his foremast sprung, the maintopmast faulty and the Foretopmast carried away, so [that] till he was supply'd with anchors &c^{a}. he was incapacitated of Plying to Windward, to do which we made all possible haste, and when aboard he ventured upon a Slatch of wind & fetcht this Port the 15, We have since dispatcht her to the Bay desiring the Gentlemen there to survey her and if Judg'd worth it to refitt, and return her to us with Wares and Stores on our Hon^{ble}. Masters Account, as to the Charges you were att upon her We cann[ot] see how you coud possible avoid itt, without you were determined to break her up there.

On the 6 August We receed a Letter from the M[as]ter of the Metchlapatam advising she was put ashore near Sadrass, desiring our assistance in saving what part of her stores we coud, in order to which we sent down 50 Peons and 50 Talliars who protected the bringing ashore 65 Pigs of lead, and all her Naval Stores, which we have ordered to be putt up att the Seagate and fear they will produce but very little, when we came to examine into the Accident they pleaded indisposition and want of hands.

We observe yo^{r}. Disposition of the George Brigan^{e}. to Moco Moco, and the Goodfellow to Mannow, we hope you will meet with success there if it be as you represent a place Capable of affording such a Quantity of Pepper.

We take notice of the difficulty you are under for Tombongans to do the Buissiness of your Ships, and am of opinion that the Ill Success which has so often attended those either bought or hired by you, must be chiefly owing to Carelessness.

We take this opportunity by the Perry Brigantine what Wares and Stores we think will be more Immediately wanted, with a supply of one Ensign a Serjeant Corporall and 30 Topasses, as also one John Cartwright in the room of Gabriel Steuart (in the military service att your Settlement) who is desirous of Comeing to Madrass and has served his time out there.

We would have you dispatch the George Brigan^{e}: to this place Immediately, and lett the Goodfellow remain with you till you [hea]r further from us, the Lithieulier we woud also have y[ou] dispatcht to us, with what Pepper you have on hand.

CONCERNING GOODS SENT FROM EUROPE OR MADRASS.

We note the Difficulty you had in the Change of the Fanams sent you hence, if they Continue passable att Moco Moco, we would have you Encourage their Currency what lies in your Power.

By the bills you have drawn we cannot but Observe the mistake you made in the Computation of yo^{r}. Cash is very Extraordinary, We take notice of the reasons you give for itt, and they have therefore all mett with Honou^{ble}. Compliance, but must remind you of Frugality in your future Expences.

CONCERNING INVESTMENTS.

We note what you say with respect to yo^{r}: Investment for Europe and observe, and you are positive in being able to lade a Ship of 200 Tuns, with the Old Crop, and if any arrive in such a time as to be dispatch't in Janu^{ry}. one of 300 with the old and New all which is very agreable.

If you think Mannow, whither you were about to send M^{r}. Shewen will answer the Charge, twill not be improper to keep the Persons there proposed.

You have remitted us an Acco^{t}: of all the Pepper Trees in Pangaran Munco Rajahs Country by a Survey lately taken of it, and p[ro]mise soon to Enter upon Pangaran Soonys Erams, which had b[een...] only on account the Troubles there, be sure you [keep...] of taking a Survey twice a year.

OF TRADE AND THEREIN ANY TRANSACTIONS WITH THE COUNTRY GOVERNMENT.

We received yo^{r}.List of China Inhabitants together with their severall Professions, you promise to Continue your Endeavours, in order to procure a larger number, and give us [ho]pes of [...]ore, on the next arrivall of Java Peons all w^{ch}. meet our Approbation.

You give us the agreable Account of the dispossessing Santinelly of all his Towns and bringing his grea[t] Guns down to Sillebar, the terms you made with his People the obligation entred into by the 5 Dupattys to plant 50000 Peper Trees in that Country, that Sentinelly himself had fled the Place, and that as Sultan Blenheim had behaved himself well on the occasion, you had agreed to reinstate him in his former Emplo[y] of Cap^{t}. over the Buggesses, with a design to continue him the service, to prevent his going upon other Projects which we th[ink] was well done, but you must be very carefull to keep a strict eye over him, knowing he is no farther to be trusted, than whilst he is Engaged by his Interest.

We are glad to find you have reduced the number of Buggesses entertaind in the Compa^{s}. Service, which methods you take to lessen their Charges, will be always acceptable to our Hono^{ble}. Masters.

We find you have taken some pains to bring over Dupatty Benteering to the Compa^{s}. Interest and that you have so affected it, as to prevail upon him not to engage against them but rather to sitt neuter which he seems most Inclinable to do.

TOUCHING FORTIFICATIONS BUILDINGS & REVENUES.

You say the Foundations of yo^{r} Fort all (Except[t]he S.E. Curtain and Bastion, which were then at work upon) where finished and some part raisd 4 foot above ground and remark the Assurances you give us, with respect to building everything firm and substantiall on a deep foundation and all in Chinam.

We observe your Scheme for building of it & as to any necessary Lodgings or Godowns, they must be disposed of in such places, as you shall Judge most Convenient, The want of Chinam kept you backward you say att First, but as you now have advanced money to [the] Ma[la]ys, We find you begin to have a sufficient supply.

The [. .] House [on the]S.E. Curtain which your former did advise, was but 1/3 Covered, you now tell us is finished, it must needs aford good Accommodations above and below and that the other Row on the same Curtain (Contracted for with the Chinese) is near Compleated, We presume the Bamboo buildings without the Fort, will be of little use after the Inner works are Finished, as the bricks att the Old Fort are the Compas^{s}. and lie useless theire, they must be brought up, thô the C[h]arge of Carriage as you say amounts to 3 dollars ℔ 1000, makes appear that Cooley hire is extravagantly Dear with you, when new ones are purchaseable for 4 doll^{s}. ℔ 1000.

We take notice you have settled the prices of Cooleys on your Consultations, and that you have reduced y^{e}. Prices of materialls to a lower rate than formerly and that you propose little to lessen them, as your Buildings draw nearer to an end, and you shall have less occasion for them, all which we approve of.

CONCERNING FACTORS WRITERS OFFICERS SOULDIERS & THEIR ACCOMPTS.

Under this head you Inform us that y^{e}. Gunners place becomeing vacant, you had putt in M^{r}. Bletts who acted formerly in Quality of a Surgeon, and had withall appointed him Guardian over the Slaves, we take notice of the reasons mentioned in your Consultations for giving him such Extraordinary Encouragement which if you think he Continues to deserve we consent he shoud stu[...].

You advise att your arrivall y[our] place 3 Ensigns to of which were Constituted so from Europeans [...] Created there, and as he had behaved himself extremely we[ll...] dispute with Sultan Blenheim Considering what a Dangerous wound he had received in the Expedition, you had Continued his Commission which we entirely approve of.

You acquaint us Lieut Mangle has paid 25 Dollars into yo^{r}. Cash, for one mo^{s}. advance money paid in Madrass as to the Persons that we[nt] with him and recd money here upon the [...] terms [...] but very [few are] left, and Provisions &c^{r}. are so exceedingly Dear, that shoud you stop any thing out of their allowance they woud not be able to Subsist we think the reason you give very Just.

We are surprised to find the Carpenters and Lascars in any of our Settlements, shoud appear our Creditors and very much Commend your makeing up their accounts (as well as you coud) rather than lett that affair lye longer in Suspence.

In reference to M^{r}. Hopkins's Account his Estate must be Debted for the 69 Pago^{s}. paid him here and 50 doll[ars] att Moco Moco, which must be deducted out of the sum of doll^{s}. 1009. 3 which you say is paid into your Cash.

As to M^{r}. Pykes affair he is now here and to answer to his Charge att this Board, in relation to the Cloth given away in Payment by M^{r}. Pyke &c^{r}. att Moco Moco, that matter being now under Examination we defer the Determination of what Regards, M^{r}. Hazlewood and M^{r}. Deane till the next Conveyance.

We observe that severall of your military having Deserted the place, either in the Boats belonging to the Ships or any they coud find on the Shore, we believe y^{e}. method you have takeing in bringing all the Tackling into the Fort will effectually prevent the like practise for the Future.

As soon as the Effects of all deceas'd persons are gathered in, and the Demands upon their Estates satisfyed allways be carefull to pay the ballance into the Hon^ble^. Compa^s^. Cash [*a few words lost*] of it.

We observe your reasons for abating y^e^. Farmers of the Arack and Opium License 100 doll^s^. ℔ month till such time a supply of Arack came from Batavia, We doubt not but before this time the Complaint for the want of it is over and that they now pay the whole 500 ℔ Month as before.

We shall Creditt you for the produce of the Lead rec^d^ ℔ Young Derby as also that ℔ Metchlapatam the [...] above half came to hand.

We observe how remiss M^r^. Wilford was in his Storekeep^rs^. Accounts, having in 5 months time brought up but two months accounts, [...] will [...] him 10 doll^s^. & tho by the Compa^s^. Orders he ought to be suspended, yett for the reasons you give in his favour, We shall forbear it att present and only put him something lower in Councill than he was before and do now appoint the Councill to Consist of the Following Persons.

Tho^s^. Dunster	Deputy Governor
Lewis Deane	2^d^. and Chief of Moco Moco
Edward Bugden	3^d^. and Paymaster
Tho^s^. Wilford	4 and Warehousekeeper
Peter Shelley	5 and Storekeeper
P. Hergham Weake	6 and Peper Godown Keep^r^.

We now send Mess^rs^. Carneggie Lesly Brown and Barefoot Factors, as also M^r^. Bugden of Councill aforementioned, which we doubt not will be a sufficient supply of Writing Assistants, We have a very good Character of them all and of M^r^. Carnegie perticularly for Accounts, whom we therefore appoint provisionall Accomptant.

We have likewise sent you two Malefactors out of the Cockhouse which we hope will be of use to you, the Company have taken notice to us in their Letter ℔ Fordwich and Bouverie of a Complaint made to them by one Frances Geary, Representing that his Son Robert Geary formerly sent out a Soldier for this Settlement, was since made a Serjeant here, tho the Cap^t^. only allow'd him Centinells Pay and was afterwards sent to Bencolen and directing us either to allow him pay as a Serjeant, or else give him his Discharge [... shall] desire it, if he be with you still propose these [...] advise us ℔ first opportunity.

Agreable to an order of [*a few words lost*] date, we do direct and Order that the recruits now sent you [...] of 3 years from their arrivall at Bencoolen, att there request [be permit]ted to return to Madrass upon any of the Compa^s^. Vessells [bound] hither, and that Michæl De Rosario formerly sent from hence [is] now at Moco Moco having served out the above mentioned time to the Comp[any] have liberty to come hither again if he shall desire itt.

Conformable to our Ho[n^ble^. M]asters Orders we mu[st] put you in mind [th]at you demand the money advanced these Recruits [...] you find them [...] a Capaci[ty] of Paying the same.

We by this Conveyance send you 6 Chests of Treasure which with the Wares and Stores as ℔ Invoice Enclosed amounts to Pago^s^. 9054 . 34 . 69 all which we recommend to your prudent management, We send the Silver for fear lest the Lethieulier shoud be detaind any where in her Passage, and thereby the Compa^s^. Necessary Buildings stand still with you.

To THE HON[BLE]. WILL[M]. PHIPPS ESQ[R].
PRESID[T]. AND GOVER[R]. &C[T]. COUNCILL
OF BOMBAY.

HON[BLE]. S[R]. AND S[RS].

We have yours of the 26 October advising the Receipt of ours of the 7 and 23 June, and informing us that the Caesar Cap[t]. William Mabbot belonging to our Hon[ble]. masters Imported you from Moco the 4 August and proceeded the 19 for Great Brittain, as also the arrivall of his Majesties Ships Salisbury and Exeter from Madagascar, our Hono[ble]. Masters Ships Dawson and James Grab from Moco the 3[d]. Septemb[r]. and the Prince Frederick from Europe the 21 of s[d]. Month and her bringing a Comm Confirming yo[r]. Presidency in his Government w[ch]. we Congratulate him thereupon.

We observe the Acc[t]. of yo[r]. Difference with the Portugueze about the Royalty of Mahim River and that it is advanced so far, as that they had taken a Salivat of [. . .] and a Vessell from Muscatt belonging to M[r]. Taylor [. . .] which actions you say the Viceroy approves, in [. . .] urging the Haveno right to trade in those Seas [. . .] we cannot think such methods Justafiable, but [. . .] Majesties Ships on the Coast, We cannot believe they [. . .] Insults but be glad to be quiet.

We have made the proper uses of your [. . .] and give our Shipping orders to be Cautious of all tho[se] they meet with att Sea.

The Shipping for your Coast were sa[iled] before the Receipt of your Letter, the Hannover brought [an] officer and a Party of Men, and we hope the Prince Frederick supply'd you likewise. We receivd recruits for this Garrison last Year, but the Season has proved so very sickly that we have lo[st . . .]art.

The account you give us of the troubles in Persia is very disagreable, and gives us but to good a reason to fear the Compa[s]. Interest is likely to fail there.

Your Packett Enclosed for Bengall shall be forwarded thither by the first Conveyance that offers.

We have been privately advised from Suratt of the Arrivall of our Hon[ble]. Masters Ships Hannover and y[e]. three Gallys with you in Novemb[r]. last, and that the latter in their Passage had taken no Portugueze Grabs having been chased by y[m]. for severall days and Carryed them into your Port, We had likewise the agreable account of the Capture of the Admiralls Grabfongrias Fleet, by the Victoria and that she and one of the Gallys were gone in Quest of the rest, this We think must enable you to make your terms with the Viceroy of Goa.

We dispatcht the Eyles the 18[th]. Inst[t]. with a Loading of Bales to Fort S[t]. David in order to Joyn the Fordwich who took in her Cargoe there and we heard was ready they saild thence in Company the 21[st]. with a Fair fresh Gale, and we hope will meet with a good Passage.

M[r]. Feake informs us that he has taken his Passage upon the Devonshire, who we presume with the Bouverie had an early dispatch for Europe.

Our Last to you bore date the 7 Ult°. Coppy of which we enclose and are

Since Writing the above yo^s. of the 3^d. Ult°. came to hand wherein you advise us the arrivall of the Townsend att Goa from Mocho and here being refused all manner of Refreshment there except Water, and the Cap^t. Worth discovered their design of detaining him, and gott away in the Night, tho we cannot think they would dare to Stop Compa^s. Ship.

As the rest of Angrias Fleet are gott into Ragipore River you are best Judges, whether it woud be impracticable to destroy them there, We take notice of the Scarcity of Grain in your Parts, and that you are dispatching the Hannover to Mangolore to fetch you rice, We are like to have great plenty on this side the Country but 11/12 of our Yearly Consumption is brought us by Sea.

TO THE HON^{BLE}. JN^{O}. DEAN ESQ^{R}.
PRESID^{T}. & GOVER^{R}. &C^{R}. COUNCILL
OF FORT WILLIAM.

HON^{D}. S^{R}. AND S^{RS}.

The time of Gover^{r}. Fea[ke having] Elaps'd We take this Opportunity to Congratulate [John] Dean Esq^{r}. on his succession to the Chair and to answer [your seve]rall Favours of the 3^{d}. 5th. 7th. and 24^{o}. Decemb^{r}.

The First acknowledges the Receipt [of ours] being Date the 15 and 20 August ℔ Fancy and Mocho G[alley and] the Treasure sent upon them, as also our last of the 10 Oc[tober] the reasons you give for sending Ships Fordwich and [Boverie] home, We think cannot be disapprov'd of by our Hon^{ble}. Masters.

The Former arrived with us the 15 Decem^{r}. by whom received the Wares and Stores for this Presidency agreable to Invoice, and We ordered her Directly to Fort S^{t}. David, where she filld up with 1030 Bales, We observe you had put the one ℔ C^{t}. on Board for S^{t}. Hellena, so we sent nothing to that place upon her.

As to the Lead you mention upon the Young Derby, the Cap^{t}. has made his Demand there, but we knowing nothing of the matter, must referr him to the West Coast for Satisfaction, where we design him as soon as we receive an Intelligence from thence.

The Second was from Pipley road Signd by M^{r}. Eyre advising his Dispatch of said Ship, and that he had Enclosed the Bill of Lading in the Pacquett.

The Third Accompa^{a}. Invoice and bill of Lading for 500 Baggs of Salt Petre put on board the Young Derby, with abstract of Invoice and second Bill of Lading for the Fordwichs Goods.

Your last Encloses the Account Charges for refitting the Young Derby Brigant^{e}. as also Duplicate of the Letter and abstract of Invoice of what sent upon her, the Master reports here that there was a great deal wanting to be done to her yett, that the Bitts now put in are so low, there is no bringing a Cable to them without Danger of Breaking, that he was without Cleats, Dead Lights running Rigging of all sorts, and severall other necessaries upon which we ordered a Survey, and accordingly find them wanting so that she will Come out a very Chargeable Vessell to the Compa^{y}. We also Observe the Impress to the Officers to be over paid, which we shall take the best methods to gett reimbursed.

On the 3^{d}. December arrivd the Eyles Cap^{t}. James Winter Commander from China, whom (upon the Walpoles Losing her Passage thither, the Gentlemen under whose directions those Ships were ordered hither) she being otherwise designd f[or . . .] with a Loading they had provided for this Coast, which [Consisted] of Tutenaigue, Sugar, Sugar Candy, Allom, China root, China [wa]re and Tea, The Tutenaigue being Pecull 1957. 6. —.

We will send you down by the first safe Conveyance your Pr[. . .]raging, the Tea we sent home upon her, and the rest of her Cargo we have sold att Public outcry. We Filld her up with 1476 Bales, and on the 18 Ult^{o}. dispatcht her to Fort S^{t}. David, in order to Joyn the Fordwich, who was then in a readiness, she stayd there some time in Order to take in a Little water and on the 21 in the morning, both Ships took their Departure thence with a Fair Wind for Great Brittain, We wish them safe to our Hon^{ble}. Masters and are yett in Expectation of the Lethieulier, tho she arrive in 8 or 10 days we shall be able to send her home.

We Enclose you Coppys of such Paragraphs of our Letters from the other Coast, as may be necessary to impart to you, with respect to the Dispute between the English and Portugueze there and according to the present Posture of affairs, We cannot think otherwise than if M^{r}. Mathews, discontinues his resentment there may be an accommodation made, with advantage to the Former.

Worshll. Sr. and Srs.

We receivd yours of the 23d. Instt. Inclosing Invoice of Cattamaran wood; and severall p[apers] relating to Mar Kistna & your bound Renters and Arrack Farmers.

We this Day in Consultation proceeded on the Affair between those Persons, when upon Comparing the Account Currt. drawn out by the latter with their Receipts and other Proofs, Wee observed that the 725 Pags. for which they give themselves Creditt do almost plainly appear to be part of the 1242. 6. – for which they afterwards Creditt themselves in the same account Currt. as money paid Kistna accot. their Farm.

Wee also think Mar Kistna is not chargeable for severall if for any of the Following Sums which made up a further part of the 1242. 6. – Vizt.

Att Christmas Anno 1717	54	20	—
Ditto 1718	20	—	—

The Leager of Columbo Arrack dd Mootarishapilla supposed to be for M[r]. Hasting's Servants	20	—	—
Pag[s].	298	12	—

Some of the Foregoing articles we take to have been [bought] by Mar Kistna for M[r]. Hastings's use, as being his [servant] and not taking to himself y[e]. Major part of itt if not all [the] rest appears to be voluntary pres[ts]. or Expences and therefore ought not to be Charged to him.

As to the other Articles in the Acco[t]. Curr[t]. if they agree with your Gener[l]. books They are to be allowed so that their Debt to the Hoñble Comp[as]. will be 1749. 19. –. We have not yett come to a Resolution how much Mar Kistna may be Indebted to them but by the above Calculate there will remain no more than Pag[s]. 218. 30. – and even for that, the proofs are very Imperfect, However do you let these People know what we have done in their Affair, and transmitt us all that they have further to say about itt.

Wee had gone thus far in this case we proceeded to the bound Renters dispute with Mar Kistna but observing that in this as well as the Arrack Farmers case, disputed the translates and desired a Sight of his Receipts, We came to a Resolution and do accordingly now direct that you send us up all Originall Papers Receipts &c[r]. relating to both these Affairs taking Copies of them all, which keep by you, the English attested by your selves and the Jentu and Malabar by the Persons whose business itt is. Yours of the 26 came to hand the 28[th]. Ins[t]. advising the arrivall of the Young Derby.

We observe what you say about your Washers, and that they will have enough to do to cure the Cloth contracted for with you.

The turning the Water into the Paddy Fields in the Dry Season we think necessary, but however must press you to exert your selves, since we may be possibly much impeded by the Nabobs Journey to Covelong, not knowing how long he designs to stay there.

We have heard no more from Nella Chitty and suppose he is satisfied with what you have done as to the Widow of Gonaputta Chittee we shall take an Opportunity to Examine that affair.

We sent M^{r}. Burton down 3^{d}. of Councill and Paymaster and ordered that the keeping the Companys Generall books should be part of his Duty, by which we never proposed to alter M^{r}. Berlu's employ, but that he should continue to act as he had formerly done.

The Nabob will be this [... within a day's] march of Covelong we would have you [order...] and Gunroom that they may be in order, [and that your Guards be] wellmann'd, If the coming in of our Cloth would [be impe] ded by his Troops, We shall be obliged to order itt [...]ment, and take the best methods we can to provide [for our] Shiping.

It's Pleasure to hear the Rains have fall'n so seasonably with you, which in all likelyhood must furnish you with water till next monsoon both to supply your washers & Renters of the Paddy fields.

Your Request Relating to new Building yor. Bridge by the Fort we Comply with as it is a Peice of Building so absolutely necessary tho' our orders from our Honorable masters are positive not to enter upon any new foundations we think it a more proper method & therefore direct that you Build 3 Peers, & Lay timbers Cross the Length you may require for your wast water. Timbers of 25 foot will leave a clear Passage of 20 foot under each Bridge in all 40 Foot if there be a greater Passage that may be requir'd in the time of the Rains you may lay shorter timbers & set the Peers the nearer, Cover your Timbers with 3 Inches Plank well nail'd. This we experience to be the Cheapest and best work in this Country.

As to Condope Choultry we would have you send us up an Account of what necessaty there is for a Redoubt &c before we give any orders Relating to that which if, it be not Absolutely necessay. we do not think Proper to set about.

To The Honble. Jn°. Deane Esqr.
Presidt. and Govr. &ct. Council of Fort William.

Honble. Sr. & S

We by ye. Mary advis'd You of the alteration which Our Honble. Masters has been pleased to make in ye. Essex's voyage Copy of wch. Latter we sent by ye. Bridgwater. We also have by this Ship already sent You ye. packets recd. from England for Yr. Presidency ye. Prest. therefore is only to give You Our thoughts relating to ye. Dispatch of ye. this Years Ships lying in our hands.

The Sarum Our Honble. Masters have positively Orderd a Country Voyage and add that if we cannot Dispatch all ye. rest we are permitted to take up another on Our own accots. or else are to send her on theirs. The very bad success at Surat &ct. last Year makes it very improbable not to Say impossible that we should pay the Demorage of any of their ships without Loosing Considerable especially Since by ye. latest Advices ye. Surat market is stocked for 4 Years which must considerably influence ye. freight for this season and ye. same reason holds why our Masters should not send her as for our not doing it. We are therefore of Opinion that if there appears any probability of dispatching ye. ships it is better to endeavour that than to send a second Ship a freight Voyage.

The Carnarvon & Cardigan we shall send away in Octobr. as you have recd. 1500 bales from this settlement we suppose You will send hope 3 of ye. 4 now with You so that what more we shall have will be One Large Ship from Yor. port ye. Essex wch. is yet expected ye. Walpole from China and another of ye. Ships this Year sent out thither for ye. loading of which we expect 1200 bales from Yo [*sic*] as we before write Yr. Honr. &ct. and about 1000 Chests of Tea from China the four ships we Calculate will take in 4800 bales besides ye. Tea of which We all along proposed to have ready here 3400 To make up ye. remainder we shall use our utmost Diligence & stir up our Merchants washers &ct. to furnish us and if you could do any thing more than We have already wrote You we need not fear being Capacitated to Send ships home add to which that it is not improbable yt. the Gentlemen in China have our Masters Interest so much at heart as to send no ship here this season since ye. Walpole must come. If so we shall be in no fear of Loading home our whole tonnage but as we must provide against all exigencies We thôt it our Duty to give Your Honr. &ct. Our Opinions by this Ship that you a [*sic*] may take Yr. measures accordingly.

Yo. have our Demand for saltpetre which we earnestly press you to observe since if we have not an early & very large supply We shall not be able to send in ship home.

We are
Honble. Sr. & Srs.

To the Worsh^l^. Jos: Walsh Esq^r^.
Deputy Gov^r^. of Fort Marlbrô &c^a^. Council.

Worsh^l^. S^r^. &c^a^.

We have received Y^r^. Letter of y^e^. 28^th^. Febry. by the George Brig^t^. and Duplic^e^. by y^e^. Lethulier from Bengall adviseing of the Death of M^r^. Thomas Dunster Our Deputy Gov^r^. and your proceeding Since also another Letter of the 20 June ℔ the Perry Brig^t^. w^ch^. y^e^. several papers and accounts containd in the respective packets to all w^ch^. shall now reply after acquainting that we have thought fit on the Occasion of M^r^. Dunsters Death to Constitute M^r^. Joseph Walsh Deputy Gov^r^. who by the Companys appointment in their Letters by Ships Dartmouth and Addison & the Orders from hence by the Metchlypatam is Superiour to any now at Your Place and have given him a Commission for that purpose to w^ch^. we Expect You'l Yeild due Obedience.

1^st^. as to Shipping.

We observe what you write by the Geo^r^. Brig^t^. about your sending that Vessel twice to Moco Moco with Wares and stores and her bringing back materials and Pepper from thence also the Good fellows making two Tripps thither as mention'd in your Letter by the Perry w^ch^. was well done you must always take care to keep what Companys Vessels you have by you in constant employment and give them Credit for each trip proportionable to what they carry or bring back to ease them in some measure of y^e^. great charge they stand the Company in.

We are sorry to hear of the ill success of the expedition to Manna after the five promises made by y^e^. Pangarans and Others there however you must use your endeavours to recover the hund^d^. Dollars but Pangaran Munco Broomy on that Occasion.

We can by no means allow of the excuses you make for not dispatching the Lethiulier sooner for had nothing been Sent abroad till M^r^. Dean's arrival from Moco Moco there was Surely time enough then to have sent her away by the end of December since for the quicker Dispatch you yourselves alledge the pepper was sent on board un Garbled the want of Boats could not be so great as you Complain Since we find in your Consultation of the 13^th^. September a new One bought for 100 Dollars and the Comp^a^. had one before which two would have been Sufficient to have carried on board all the pepper in twelve days had no others been to be got which we can hardly believe.

We dont understand Your giving those extravagant orders to the Cap^t^. of the Lethulier to make Acheen head before he put off the Coast by which that Ship lost her passage hither and the Company will pay several months Demorage more than they needed otherwise to have done.

This directing the Cap^ts^. how they shall steir their Course and not leaving them to make y^e^. best of their way to the Port they are bound to so new a Precedent that we dont know but the Company may make the author of it pay for their projects by oblidging them to reimburse them what they shall suffer on that Occasion.

We order you to send back the Good fellow as soon as possibly you can after the arrival of the Yongh Derby.

We expect to hear the Companys determination about the Queen by the other Shipping design'd here y^s^. year so we shall Defer saying any thing about her at present.

2^dly^. As for Goods from Europe or Fort S^t^. Geo^e^.

What Treasure Wares and Stores we now send you the inclos'd Invoice and bill of Lading will shew w^ch^. you must be as frugal of as possible.

We cannot conveniently send you any Madera Wine by this Vessel but we wont fail You by the George Brigantine which we believe will be sent you in Sep^r^. or Oct^r^. till which you must be Contented to receive Mony in Leiu of your allowance

of Wine at the rates Settled by Mr. Hubbard the same we say as to the arrack which though it may be Sometimes dearer than 36 Dollars ℔ Leaguer we believe is often cheaper and we cant agree to give the General Liberty you desire least it may be some time or other carried to an extravagant height.

3dly. Concerning Investments.

We observe the Quantity of pepper sent on Board the Lethulier and George Brigt. and cant be surpriz'd to find how far that from the Northern settlement fall short of what had been Often promis[sed] and cant think the reasons you give for it in your [Consul]tation of the 3d. of Decr. to be Satisfactory.

You must use Yr. utmost en[deav]ours to encrease Yr. Pepper Plantations and press the Pangarans and Dattues to look better after them especially Old Pangaran Uorrgch Eatain in whose Country we find by your Survey entred in Consultation of the 29th. of Octor. no More than 55½ Bahoor of Pepper.

The Dupattys belonging to Pangaran Jantinelly made an agreement in Aprill 1722 to plant 50000 new trees in that Country or otherwise to be fin'd which you must take care to see performd.

4thly. As to Trade in General and all Transaction wth the Country Govert.

The Companys Orders by the Lethieulier relating to Moco Moco you must Comply with and keep only a Cheif or Resident and such Other persons there as are Necessary to receive the pepper and maintain the Settlement and Let no new buildings be Erected only the Old ones or such part of them as are really Necessary be kept from running to ruin.

We find you have made See Gibb Capt. of the Chinamen which if you think of any real Service we dont disapprove of but we will not on that account allow only pay from the Company We observe You have sett about making Sugar and arrack which we cant tell what to say to till we See See Gibbs proposals wch. you say you sent us in the pacquetts but was not received. We woud not have this disencouraged but can only at present direct that you make us few advances of money as possible which you are to take care are fairly laid out and that you transmitt a full State of what has been done in that matter by the first Opportunity. We shall send the Mills and other things if we can procure by ye. George Brigt.

We are glad to hear the Country is in peace all about you and by the death of Dupatty Benteering and Pangaran Jantinelly we hope it will Continue so by means of which we believe you may reduce the Number of Buggeses in pay at your Place Sillabar Cattawa or other parts of the Coast wch. we must recommend to you to do if it can be with Safety as a very acceptable peice of Service to ye. Company.

We can't but take notice of wt. you desire toward ye. Close of yr. Letter by ye. Perry as to Excludeing all except Covenanted Servants from a Liberty of Trade which is so directly contrary to the Establish'd Laws of the Company in all their Settlements that we can by no means approve of it but Order that all at your place have a free and Equall Liberty.

5thly. Touching Fortification Building & Revenues.

We have received Yr. plan of Fortifications but dont approve of Yor. method in raiseing One part to the full height and leaving the foundation [of] the others only laid for what remains to be done let it be carried on in all places alike.

You must endeavour to advance the arrack and Ophium Licence as much as possible being the only revenue the Company have and we think there was very Little reason for the reduction Mr. Wilford made on account of a Chest of Ophium stole and sold privately among the Mallays since that is much the least part of the Licence We find you have Since lett it for 302 Dollars ℔ month and doubt not but with care it may rather be rais'd higher than ever lower'd.

6THLY. TOUCHING FACTORS, WRITERS, OFFICERS & SOLDIERS AND THEIR ACCOUNTS.

We are Sorry to find there was such a Dificiency in Cash on Mr. Dunster's decease and are the more Surpriz'd it should be so Large when the Ballance of the Cash the end of Septr. but a little above a month before he died was no more than Dollars 7550. —. 89 We hope [the] necessary Ca[ution] was taken that none was [em]bezled before it was received by ye. succeeding Duputy Govr. but it gives room for a suspicion to find yr. Consultation of the 14 of Novr. where notices is taken of the Def[end]ant to be Sign'd by no body and a Blank left for the Sume that was wanting as if you had not been then certain how much it was We direct that you do enquire and advise us in what manner and in whose presence the Cash was examind and what care was taken to Secure the Treasury from Mr. Dunsters decease till the Delivery over of the Cash to Mr. Wilford The goods yo. have seiz'd for payment of Mr. Dunsters debt you must take care to dispose of so that the Company may be no Loosers and no keep them to lye and spoil in the Godown.

Having already acquainted you that we have appointed Mr. Joseph Walsh to be Deputy Governr. we do now order Mr. Lewis Deane to be Second and paymaster Mr. Edwd. Bugden 3d. Mr. Wilford 4th. Mr. Wheake 5th. Mr. Blackall 6th. to be stationed in the manner you think most proper. We order Mr. David Carnegie in Case of Mortality to succeed in Council. We have appointed the following persons that come by this Brigantine Mr. David Welsh Mr. Savage Mr Fortheringham Mr. Williams Mr. Hope Mr. Seawell Mr. Brown and Mr. James Bodkin at Yr. Place Factors so that youl have no Occasion to Complain for want of writing assistants and we expect Yr. Consultations monthly accts. be duely sent by every Conveyance for the neglect of wch. we shall be unwillg. to admit of any excuse for the future we order upon the arrival of the Vessel all monthly writers to be immediately discharged.

The Deficiency in the weight of the pepper bought by Mr. Shelley is so very great yt. we never can allow it to be wrote off we have Consider'd the representation, deliverd in by him in Yr. Consultation of the 4th. of June 1722 wch. only setts forth that the Godown had formerly been robbd of Iron Mongers Wares but unless he can make it clear by Good and Sufficient Proof that it was broke open whilst the pepper was in it and that he gave proper Notices of it We think it but reasonable and accordingly do Order that he make Good the Deficiency.

Upon Observing what you wrote about ye. inequality of Yr. two Surgeons employs We order that they take charge of the Hospitall by turns each his month and we hope you'l take care to oversee them that they do not make a perqusite out of the Company or Sick people which we have the more season (*sic*) to mention as we find by Yr. paymasters accounts the charges of the Hospital are much Larger than Usual.

You tells us of a gross abuse offer'd Mr. Wheake by Mr. Moore one of your Surgeons but Mr. Wheakes complaint being order'd to be enterd in your Letter Book received and that Book you Sent us not being brought up so far as till the time of the accident We cant tell what Censure to pass upon it not knowing what the abuse was.

We approve of Yr. making Gabriel Stewart an Ensign for the reasons you mention We Send by the Brigantine One Ensign a Corporal 5 Europeans and One Topaz Centinells and have advanced them three months pay which you must take care to receive back. We have also advanced Pags. 32 to Robt. Keinsard being three months' pay when we have enterd as a Carpenter at 16 Dollars ℔ month which must also be Stop'd out of his growing pay upon the Complaint you make about the [. . .] have examind the Lieutenants who have [. . .] appear to us that they sent over none but proper [. . .] both as to age and action. We have Seen the [Old man] you have return'd and he appears to us to be a very active [man] and would We believe have been of very good Service had you kept him with you.

We find in [the] paymasters account for Febry. Dollars 80 and for March Dollars 40 [. . .] for Mr. Thewins extraordinary Charges whilst the Deputy Govr. was at Sillebar which ought to be return'd either [by] Ml. Shewin or Mr. Deane the Diet allowances being by ye Companys Order to be rekond in full for all Disbursemts. that Head & nothing more to be added on any p[retence] wt. ever. In Yr. paymasters account for December You pay Dollars 198 for provisions extraordinary for the use of the Companys Servants in their Passage [on the] Perry. Whereas we find provisions Laid in here for that purpose to the amount of Pags. 294. 10. 72 which was fully Sufficient therefore we order that you receive back of those that are now at Yor. Place the Sums mention'd in that account to have been pd. them.

We must put you in mind to observe the Directions given in Our Letter by Ye. George Brigantine as well as in almost all the Late Letters from England concerning making presents as Seldom as possible and always in the Companys Cloth paying Wages to the Cooleys & Buggeses and for Materials in Money only and not Cloth as has been often done formerly thô always Condemnd by the Company We hope no Such practices have again got footing there and trust that you the present Deputy Governr. and Councill will neither be guilty of any such things Yr. Selves nor suffer them to be done by others.

7th. Touching Accounts.

We received Yr. Papers and accounts mention'd in Yr. packets by ye. George Brigt. & Perry and shall expect by ye. Goodfellow 2 Setts of all papers and Yor. General Books ballanc'd as you promise.

In bringing the remains into the Stock of Yr. General Books you must lett the Buildings Since Mr. Hubbards arrival which you have by you and for what Paymasters accts. wch. you have by you and what built by Mr. Pyke you most value them as near as you can judge them to have cost if you cannot have the amount of them from his accounts we shall send the Ballance of One pr. of Our Books here and Months Journal parcells for yr. Directions by ye. George Brigantine they not being ready to go now.

The small lost in the Weight of the Silver sent by the Perry Brigt. must be owing to Some fault in Yr. Scales for it was weighd here before it was sent off and it was exactly right.

We received by the George Brigantine 116 Piggs of Lead Pz. [*lacuna*] and 404 Bahars 10 ps. of Iron Pz. 133. 3 more than what mention'd in your Invoice for which we have given you Credit the excuse you make for not advising of the weight or Quantity of what more was on board than was Invoiced by Saying that none of the Companys Servants remaining then with You knew of its being Sent off appears to be a false one since both Mr. Wilford and Mr. Wheake were then there who were the only storekeeprs. Since the Georges arrival and by One of whom it must have been Sent off and ought to have been weigh'd.

We have paid your bills of Exchange to the amount of Pags. 22209. 33.–of which there was One for pagodas 1500 One for Pagodas 1000 and one for 600 payable all to Mr. Carnegies order that you were advis'd us of in Yr. Letter but finding them to be reg[ula]rly Signd by you all we have [pd . . .] One Bill for 1600 pagodas [. . .] Order which we have not seen [. . .] Drawn at all for which carelessness [...] Secry. is very much to be blam'd.

We have admitted [...]li to go over by this Brigt. to whom you are [...] allowance of Dollars 13. 2. 23 ℔ M [...] believe he will be of Service there to keep [...] easy and incline more to go over.

We have advanced Mr. [...] Pags. 33. 12 being half a years Salary for [...] find his receipt in the packet.

We are now to advise Y^r^. Hon^r^. &c^t^. [of the 2^d^.] of Jan^ry^. Last upon application made by [Sunca Ra]mah One of Our Companys merchants here Our Pres^t^. wrote to M^r^. Midford of Anjengo to desire he would release a boat belonging to the s^d^. Sunca Ramah [if] had [been] seized by him und^r^. pretence of being part of y^e^. effects of One Colun Columbo Noise.

Whereas it did actually belong to the Our Merchant and was y^e^. 9^th^. y^t^. he had sent the same tract M^r^. Midfords death prevailed his making any reply to that Letter and M^r^. Orme who succeeded we were informd would not detain the Vessel provided y^e^. Govern^r^. and Councill of Fort S^t^. George wrote about it We accordingly did so Our Letter bore date y^e^. 5^th^. April Last and We have rec^d^. no answer to it but by Sunca Ramah's advices M^r^. Orme now says he must have directions about it from Bombay. We therefore apply to Y^r^. Hon^r^. &c^t^. in behalf of y^e^. s^d^. merchant who is a fair open trader and ought not to be liable to such Disappointments.

We so lately [dispatched you] Young Derby to you and gave such full D [. . . .] Y^r^. proceedings then that we thought [. . . . .] had nothing more to do by this Vess[el . . .] you y^e^. Invoices and bills of Lading for [. . .] her but such are the surprising accots which w[e have] rec^d^. from all sides of the Behaviour of M^r^. Deane [. . .] Councill that we find our selves under a necessity of telling you very plainly what we [expect] from you and what if you design to enjoin the [Sta]tions you are in you will observe.

The abominable negligence they were guilty of in not sending us their Consultations Paymasters and other accots to the Departure of every vessel we were willing to pass over with no Other reprimand but just telling them of it and allow'd their excuse of want of hands for which reason we sent over so many gentlemen in the Service by the Young Derby but we cannot avoid Severely taking notice of their acting. Captain Plumb came away without so much as a general Letter [and] advice of their draft for 1000 Pag^s^. in as tho he stay'd[. . .] days we are unwilling to credit [. . .] but are told [. . .] sion was such a sickness as M^r^. Deane and all the rest of them ought to be very much ashamed of, We expect in future no more of this practice observe our orders and Comply with them.

We are told you have entertain [*sic*] an Engineer for which you had no orders from us which we cannot but believe is no other than pretence for putting so much mony into some bodys pocket since we are very certain there could be no capable person with you to undertake y^t^. employ. Let him be immediately discharged and y^e^. person we new [*sic*] send you be employ'd in his room and Continued in pay at twenty five dollars a month till you shall have no further use of his service so soon as that happens Let him be return'd hither that no charge more than Obsolutely necessary may lie on your Settlement.

Several persons whom we must believe tells us you [are] going to build a half moone in y^e^. middle of the South East Curtain. The Extravagancy and folly of this is such that it were not so well attested We could not suppose you engage in so very rediculous a business since y^e^. Curtain is but 175 foot from bastion to bastion and Consequently a Half Moon will be more Pregudicial than Serviceable but this and y^e^. pulling down y^e^. N.E. Bastion we look upon as no other than a design of continuing y^e^. buildings in order to make a profit out of them for your Paymaster and others which we are y^e^. more apt to believe from the Complaint of one whom M^r^. Bugden [if what he says be true] turnd out of his eomploy of head Bricklayer because he refusd to sign a receipt for 100000 Bricks used when there but 40000. Examine Strictly by whose order and direction the s^d^. half moon is set about as also y^e^. pulling

down y^e^. Bastion and if they are not both agreed in Consultation do you recover the charge from those whose folly has lead them to engage in that work and see that they repair what they have distroyd what ever part y^e^. half moon is built must be pulled down again.

[. . .] another very unaccountable peice of work [. . .] take y^e^. same measure as for the preceeding two is the building a necessary house tho' the Curtain which is carried out almost as far as y^e^. flank of the bastion and near as high by which means that bastion is entirely rendard useless. This must be pulled down and y^e^. wall made up.

These unnecessary and entirely useless buildings have prevented your proceedg on the main work Finishing y^e^. fort walls which had you gone on upon y^e^. Plan M^r^. Deane found when he came to y^e^. Governm^t^. would have been near finish'd by this time at least the money you have spent therein might have done it. We now possitively direct and we tell you we will be obey'd that the utmost expedition be used in making and end and that the whole of the build^gs^. be carried on in y^e^. manner laid down in the Plan sent ℔ Ship Drake and no otherwise. If y^e^. foundations of the N. E. Bastion are already pulled up Do not make it Larger than those on y^e^. land side if they are not let it continue as it did.

M^r^. [*lacuna*] whom we mentiond above returns in this Vessel [. . .] expect that he be allowd all proving what he [. . . w]er'd here and that Walsh our new Dpty Govern^r^. will take care that he be neither overawd by threats or other Practices or prevaild upon by intreaties or bribes but that so he shall not speake y^e^. truth we add upon this head that we expect a thorough and impartial examination into y^e^. behaviour of all y^e^. Councill and others at Fort Marlbro' if they are so great delinquents that their faults cannot be passed by Let' em be sent hither but if only small ones are Laid to their charge advise of them for our knowledge and further proceedings.

Leiuten^t^. Nangle who was permitted to come on y^e^. Letheiulher having now in some measure recoverd his health returns on this Vessel.

The [Good fellow] You have doubtless dispatched to us [. . .] & of the Young Derby and if you have no necessity for the other as we think you cannot return her so soon as the George gets to you w^th^. what Pepper you have on board.

By the Invoice you will observe w^t^. goods we have Laden on you amount^s^. to P^s^. . [*lacuna*].

The Madeira wine you must dispose of according to the Settled allowances for your diet the Salt we will have sold at the old fix'd rates of 12 Measures for a Dollar or in Exchange for rice as formerly.

The anchors are such as will be most usefull for y^r^. place being small and as you have a great many Large Ones which have Lain a great while at Bencoolen return us them all but see it being more probable we should dispose of them than you.

We have also sent you some jaggeree for y^e^. Chinam but cannot Help thinking you may be as well furnish'd with it at Bencoolen as from hence especially Since you have so many sugar plantines.

We have yours of ye. 13th. Instt. N. S. Complaining that your Resident and People are obliged to pay for passing the River of Codolore in ye. ferry boat kept by our Company To which we reply That your People may go backwards and forwards without crossing at that Ferry and that if you will take the advantage of our boats you must pay for them since it is very unreasonable to suppose We must be at any charge to carry travellers and not receive a Consideration for it. The Boat is [. . .] and we have an undoubted [. . . pa]ssage money of all that use it However if your Honr. &ct. will dispute it We are willing to permit you to keep a boat on the River yourselves for the Service of your own People but no others Whatsoever and on Condition that this Liberty cease whenever it shall appear that it is Stretchd beyond the present Intent which is to make you easy with respect to the Charge of Our ferry not to allow your keeping One for others This matter was formerly disputed in the year 1715 so that it is no new demand but what We could not then part with or now can do.
